

A 3D rendering of a modern jewelry display stand. The stand is primarily dark grey with a large, vertical, rectangular panel on the left side. This panel features a graphic design: the top half shows a white swan with its neck curved, and the bottom half shows a detailed illustration of a European cityscape with towers and buildings. The stand has several smaller, rectangular components, including a central vertical post and a base section. A pinkish-purple jewelry box is placed on the base. The entire stand is set on a dark grey rectangular platform. In the top left corner of the stand's frame, there is a silver-colored cylindrical element. The background is white.
